

NEW IN TOWN

O'Sweet Savannah's

By Kerry Brown

O'Sweet Savannah's
629 Stokes Rd., Medford, NJ
(640) 600-4216
osweetsavannahs.com

Introducing O'Sweet Savannah's, Medford's newest haven for delectable desserts and sweet delights. Located in the heart of the Stokes Road business district, O'Sweet Savannah's is more than just a dessert spot; it's also a beacon of inclusivity and opportunity.

At 21 years old, Savannah Shover, with a degree in education, intended to begin a career teaching special education students. That is until her entrepreneurial spirit and an idea for how she might better serve the community prompted her to change course. In conjunction with the Lenape Regional School District Transition to Adulthood Program (TAP), Savannah's unique mission is to empower young adults with special needs through job training and skill development, a vision that is as inspiring as it is impactful. TAP allows young adults with disabilities to develop strategies for living away from home and create skill sets to help them land jobs. Shover developed a

curriculum encompassing everything from safe food handling and accounting to inventory control and marketing. The program will be tailored to the strengths and needs of individuals to make them more marketable in a job search.

While dreams are nurtured and lives are transformed, taste buds will be tantalized. The menu is a symphony of flavors. Cream cheese-frosted brownies, anyone? Hello, flaky croissants and nutty-sweet ricotta pistachio tortes! Showstoppers like the out-of-this-world cannoli milkshake will leave you craving more.

At O'Sweet Savannah's, indulging in delicious desserts also makes a difference in the lives of young adults with special needs. Community support is vital to providing customized business skills training and empowering students to build a brighter future. Create delightful memories and support the vision, one dessert at a time. ✨
