

# Say Hello to Jodie

Submitted by Allison Fontanez

**M**et Jodie! She was adopted from Voorhees Animal Orphanage in August 2019 and is about six years old. Her best friend is a squirrel who comes to visit every day and they talk to each other. Jodie loves my kids and also greets anyone who comes to visit our home. We live in Medford Village and Jodie is the welcoming committee of the neighborhood. ●

# Beemer & Petunia's Adventures in Nature

Submitted by Janice Kingsbury

**M**y pups hike with me often. Beemer (the white dog) is nearly 16 years old and recently had cataract surgery in one eye to restore his vision and allow him to continue to enjoy our daily walks. Petunia is 10 years old. The two dogs, both rescues, are best buddies. One of our favorite spots to explore is the old Medford Park next to Coates Street. We have come across native animals enjoying the warmth of the sun along the creek.

Sitings like these are hidden gems that make our peaceful strolls through the park enjoying nature and the serene surroundings even more special. ☐

# Taunton's Tail-wagging Duo

Submitted by Liz Fransdal

Meet my two purebred mutts, **Leni and Newman**. Leni (light brown) is a spirited, sweet one-year-old, and Newman (black and white) is a gentle, goofy six-year-old. They are rambunctious and love to play but are also the best cuddlers and protective of our family. If you forget to take them for a walk, they'll bring you a leash and bark at you as a reminder. They are particularly fond of attention and begging for treats, and they know that their mom will likely give them a few too many, so she's their favorite. We love to watch cars go by our house, and many pup friends walk by, too. We love to go walking with our neighbors. If you see us around Taunton Lake, Mimosa Lakes, or Centennial Lake, give us a wave! 🐾

*Who doesn't love pets? We'd love to hear about yours! Just submit a picture or two and a few fun facts to our Content Coordinator at [kerrybrown@bestversionmedia.com](mailto:kerrybrown@bestversionmedia.com)*
